*"Rock Solid Commitment to Integrity & Service"*

Dear Rick,

I just want to thank you for the wonderful job that Seating Concepts did in providing the service we needed for an aggressive installation with a very tight deadline. We had a fantastic grand opening weekend, due in large part to your team. I can not express to you how grateful we are for the hard work throughout the job and I really appreciate the speed in getting the end caps finished.

Our experience with you and Seating Concepts could not have been better. You exceeded our own very demanding expectations. The installation team was fantastic and everyone that was involved from Seating Concepts is to be commended.

Lastly, the end product is beautiful. On Palm Sunday 2006, broadcast from the new Sanctuary began, from that point on you all will be able to see the beautiful work. I hope every time you have the opportunity to watch In Touch and see the new seating it will be a reminder of God's faithfulness combined with the integrity and commitment of Seating Concepts.

We look forward to working with you in future projects. Thanks again for a job well done.

Sincerely,

Robert J. Schipper
