ESTIMATED TOTAL₆			\$11,249.44

The following footnote references apply only if the table above has a foot number reference.

1. Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
2. Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <https://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
3. County Property Tax is the sum of the General Fund tax and several special fund taxes.
4. All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
5. This property is located in an **existing** development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the FAQ section of this website.
6. You must update the estimate for the property taxes and other non-tax charges
 - a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
 - b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
7. This property is located in a **proposed** development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the FAQ section of this website.
8. The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this property.
9. This is a one time charge assessed against this property and is not an annual fee. It should be paid before the property is sold and will remain due until paid.

Legal Description: **Kenwood Park; lot 27 Block 4**

NOTICE TO SELLER AND PURCHASER

Section 10-702 of the Real Property Article, *Annotated Code of Maryland*, requires the seller of certain residential real property to furnish to the purchaser either (a) a RESIDENTIAL PROPERTY DISCLAIMER STATEMENT stating that the seller is selling the property "as is" and makes no representations or warranties as to the condition of the property or any improvements on the real property, except as otherwise provided in the contract of sale, or in a listing of latent defects; or (b) a RESIDENTIAL PROPERTY DISCLOSURE STATEMENT disclosing defects or other information about the condition of the real property actually known by the seller. Certain transfers of residential property are excluded from this requirement (see the exemptions listed below).

10-702. EXEMPTIONS. The following are specifically excluded from the provisions of §10-702:

2. A transfer that is exempt from the transfer tax under §13-207 of the Tax-Property Article, except land installment contracts of sales under §13-207(a)(11) of the Tax-Property Article and options to purchase real property under §13-207(a)(12) of the Tax-Property Article;
3. A sale by a lender or an affiliate or subsidiary of a lender that acquired the real property by foreclosure or deed in lieu of foreclosure;
4. A sheriff's sale, tax sale, or sale by foreclosure, partition, or by court appointed trustee;

7. A sale of unimproved real property.

Section 10-702 also requires the seller to disclose information about latent defects in the property that the seller has actual knowledge of. The seller must provide this information even if selling the property "as is." "Latent defects" are defined as: Material defects in real property or an improvement to real property that:

Lot: _____ Block/Square: _____ Subdivision: _____
between Seller Spring Valley Builders, LLC and

hereby amended by the incorporation of the following paragraphs, which shall supersede any provisions to the contrary in the Contract.

WHEREAS, the said contract form is used primarily for resale transactions; and

WHEREAS, the subject property of this contract is a new home;

NOW, THEREFORE, notwithstanding anything to the contrary in said contract, in consideration of the mutual covenants and conditions herein contained, and intending to be legally bound, the Parties hereto agree as follows:

1. **RESALE PROVISIONS DELETED:** All provisions in the attached contract regarding property condition, termite repairs, access to the property, possession, and settlement date are hereby deleted.
2. **CONSTRUCTION:**
 - A. In the event that this Contract is contingent upon financing, Seller may elect to delay construction on subject property until said financing contingency is either (1) satisfied pursuant to the provisions of the financing contingency contained in the Contract of Sale (see Regional Contract Par. 10, Maryland REALTORS® Contract Par. 10, or Montgomery County Jurisdictional Addendum Par. 12), or (2) removed by providing to Seller evidence that Buyer has sufficient funds available to complete settlement without obtaining said financing.
 - B. In the event that this Contract is contingent upon an appraisal, Seller may elect to delay construction on subject property until the appraisal contingency has been removed or satisfied pursuant to the provisions of said appraisal contingency.
 - C. Seller agrees to complete on the premises, a dwelling as described and set forth in the attached Exhibits, subject to the options and/or changes selected and paid for by Buyer. These options/changes will be specified on a separate attachment as Exhibits to this Contract.
 - D. The Seller reserves the right to make such changes or substitutions in the construction, materials and equipment, and to revise the plan, as Seller may deem necessary due to the unavailability of certain materials or equipment, peculiar engineering, construction and /or permit inspection requirements, or topography of the premises.  - E. It is further agreed that the location of the driveways, walkways and patios, the grading, planting and landscaping, including the disposition of existing trees and the control of water flow, the inclusion or exclusion of retaining walls and other site details are subject to change at the absolute discretion of the Seller depending upon site or job conditions encountered and/or permit requirements.

3. **STANDARD SELECTIONS AND OPTION EXTRAS:** The Buyer may select options and/or upgrades for the home chosen, provided, however, that:

- A. Option selections and allowances must be submitted in writing and delivered within _____ days from the date Seller provides written notice to Buyer to select said options. Seller shall give written notice of the costs of selected option/upgrades to Buyer as soon as they are calculated by Seller, and Buyer shall have three (3) business days after receipt of that information to advise Seller in writing as to what options are desired. Seller and Buyer may mutually extend said timeframe to determine choice and cost of options. Buyer may make interior decorating and color selections from Seller's standard selections provided that such selections are completed and delivered to Seller within the time frame designated herein. In the event Buyer does not make selections within the required timeframe, Seller reserves the right to complete the home using Seller's standard selections.

If the parties cannot agree as to the choice and/or cost of options, then the home shall be constructed per the agreed upon plans and specifications attached and made a part of this Contract.

- B. One Hundred Point Zero percent (100.000 %) of the cost of any options agreed to by Buyer and Seller shall be paid for by Buyer in the form of cashier's check(s) or wire transferred funds at the time house construction begins or at the time of making the selection, if house is completed or under construction. This payment and any future payments for options are nonrefundable. The balance of such costs shall be due and payable at settlement. Buyer reserves the right to increase the sales price of the home to incorporate the actual cost of the options. In such case, the monies advanced to Seller prior to settlement for said options shall be credited to Buyer at settlement as additional deposit(s).
- C. It is understood that this provision does not permit Buyer to select any standard construction option if construction has proceeded beyond the stage where the option is available in the normal course of Seller's standard construction practices.
- D. Once Buyer has selected options and/or made decorating and color selections, no further alterations, changes or additions shall be made in the construction of the dwelling, unless approved by Seller in writing and a nonrefundable change order fee of \$ _____ is paid by Buyer.

4. **DEPOSIT: (Maryland only)** In the event Seller is holding the deposit, Seller may, in accordance with the provisions of Title 10, Subtitle 3, Sections 10-301-10-303, of the Real Property Article of the Annotated Code of Maryland:

- A. Deposit or hold the sum in an escrow account segregated from all other funds of the vendor or builder to assure the return of the sum to the purchaser in the event the purchaser becomes entitled to a return of the sum;
- B. Obtain and maintain a corporate surety bond in the form and in the amounts set forth in §10-302, conditioned on the return of the sum to the purchaser in the event the purchaser becomes entitled to the return of the money; or
- C. Obtain and maintain an irrevocable letter of credit issued by a Maryland bank in the form and in the amounts set forth in §10-303.

5. **SETTLEMENT AND CONTRACT PERFORMANCE DATES:** The Seller provides the following estimated settlement and/or performance dates:

- A. Settlement date _____
- B. 365 days from date of ratification (outside delivery date per paragraph 7 hereof) _____
- C. Other date(s) _____ for performance of _____

NOTE: All estimated settlement and performance dates, if any, must be included in this paragraph.

6. **NOTICE OF SETTLEMENT AND CONTRACT PERFORMANCE DATES:** Once the property is substantially completed, as defined in this paragraph, Buyer agrees to make full settlement for this property. The Seller agrees to provide Buyer with no less than ten (10) and not more than thirty (30) days of Notice of the Settlement Date. Both parties agree that the property shall be construed to have been substantially completed on the date the property has passed final governmental inspection, if required, and the Seller can offer Buyer occupancy. If, however, at Seller's sole discretion, items such as landscaping, exterior concrete, driveways, final grading, sod or seeding, and exterior painting cannot be completed by reason of weather conditions, settlement shall be consummated on the date so scheduled by Seller so long as temporary access to the property is provided to Seller. Seller agrees that such

uncompleted items shall be completed in the reasonable course of business as weather conditions permit. Buyer agrees to accept and cooperate in such temporary access and shall give Seller and Seller's agents and contractors' adequate access to the property to enable them to complete such work. Buyer acknowledges that Seller is not responsible for lawn care and Seller's obligation to complete seeding or sodding shall be deemed satisfied once the installation of those materials has been completed.

7. **DELIVERY AND POSSESSION:** Seller agrees to give possession at the time of settlement hereunder, provided Buyer has paid the full purchase price and complied with all the terms of this Contract. The inability of Seller to perform and/or make delivery hereunder because of any local, municipal, county, state or federal action, regulation, order or other government requirement shall not affect the validity and enforceability of this Contract and all of the time periods provided for herein for performance and/or delivery shall automatically be extended until relief from such actions permits Seller, in the reasonable course of business, to perform its obligations hereunder. However, Seller shall have the right to return Buyer's deposit and any payments made for options, and to declare this Contract null and void if, in Seller's sole discretion, it determines that such performance within 365 days from the date of acceptance hereof by Seller will not be possible due to matters beyond Seller's control as described in this paragraph. Seller shall not be liable to Buyer for any damages whatsoever by reason of delays in such performance. In the event that Seller has not notified Buyer of settlement as provided hereinabove within 365 days from the date of acceptance hereof by Seller, absent delays beyond Seller's control, Buyer shall have the option of declaring this Contract void and receiving a return of his deposit and any payments made for optional extras, and any interest earned thereon.
8. **PRE-SETTLEMENT INSPECTION:** for Montgomery County transactions, the Buyer has the right to inspect the property not less than twenty-four (24) hours, nor more than seventy-two (72) hours before settlement, unless the parties agree otherwise. (The right to a pre-settlement inspection is guaranteed by Montgomery County law.) In the District of Columbia the Buyer may inspect the property not less than five (5) days before settlement unless the parties agree otherwise. Buyer may be accompanied by an agent representing Buyer and Seller, or Seller's authorized representative (collectively "Seller") may also attend the inspection. At the time of such inspection, Buyer and Seller shall make a written list of items not yet completed or not in compliance with new home construction standards generally applicable in the Washington, D.C. metropolitan area (the "punchlist"), and Seller shall execute the punchlist, which shall constitute Seller's agreement to complete all items on the punchlist as soon as may be reasonably practicable prior to settlement.

In the event that any such items are not completed prior to settlement, Seller agrees to complete all remaining items on the punchlist in a reasonable timeframe following settlement, and Buyer agrees to provide Seller and Seller's agents and contractors adequate access to the property to enable them to complete such work. Notwithstanding the fact that items may appear on the punchlist, Buyer shall make full settlement as provided in paragraph 6 above, and Seller shall not be required to escrow any funds at the time of settlement for punchlist items.

6917 Granby Street, Bethesda, MD 20817

SALES AGREEMENT – NEW HOME LIMITED WARRANTY

Issued to: ("), Lot 27, Block 4, of the subdivision known as Kenwood Park improved by premises known as 6917 Granby Street, Bethesda, MD 20817. This is to certify that Spring Valley Builders LLC ("Builder") does hereby issue this Limited Warranty in connection with the construction of the house ("Dwelling") on the above mentioned property and the same is accepted by the Purchaser, subject to the conditions herein set forth, this Limited Warranty being in addition to any other rights and privileges which the Purchaser may have under the warranties of the various manufacturers, equipment suppliers and subcontractors who have performed services in the construction of the Dwelling and any rights under Montgomery County New Home Warranty Law.

I. BUILDER HEREBY WARRANTS:

- (A) That it will correct any major defects which significantly affect the load bearing functions of the Dwelling due to faulty construction and or defective materials, excluding normal wear and tear, brought to its attention in writing during the period ("Warranty Period") of five years from the date of possession or transfer or record title, whichever occurs first except as otherwise stated herein. It does not assume responsibility for any secondary damage (damage done to personal property or any other material or construction not originally installed by the Builder) caused by the defect and nothing herein contained shall be determined to make the Builder an insurer of the personal property of the Purchaser. No action taken, or omission of the Builder to correct defects shall act to extend the Warranty period beyond the initial term of five years. This certificate is applicable only to the matters warranted herein and only if notice of those defects is received by the Builder in writing before the end of the Warranty Period. This warranty is issued to the original Purchaser only and is not transferable without the written consent of the Builder.
- (B) That the Roof and roof flashing are to be free from leaks for the Warranty Period of One Year and will so maintain the roof except where such defects are caused by acts or circumstances beyond its control. This Limited Warranty is void in the event of the buyer or his agents utilize the roof for any activity or attach superstructure or appliances thereto.

- (C) The Plumbing System to be in proper working order and free from defective workmanship and materials for the Warranty Period of Two Years. Failures caused by negligence of the Purchaser or his agents to keep foreign materials out of the systems are excluded from this Limited Warranty. Failure of the Purchaser to maintain or drain hose bibs or cut-off valves, which cause damage to the plumbing system, are not the responsibility of the Builder and are excluded from this Limited Warranty. Where applicable, well and septic systems are not included as part of this Limited Warranty, except for the defects in construction and installation of these systems, where Builder has built and installed them. Builder is relieved from all liability from any damage caused by acts of God (e.g., change in water table).
- (D) The Heating System, in original finished room areas, has been installed in accordance with good heating practices and has been designed in accordance with standard heat-loss factors to maintain an average 68 degrees Fahrenheit temperature inside with an equivalent wind-chill temperature of 0 degree Fahrenheit outside. This Two-Year Limited Warranty does not include the systems or its parts, which become defective through faulty operation, maintenance or alteration by the Purchaser or its agents.
- (E) The Air Conditioning System has been installed in accordance with good air conditioning practices to maintain an average 78 degrees Fahrenheit temperature inside with a 95 degree Fahrenheit outside at 24 hours continuous operation. This Two-Year Limited Warranty does not include the systems or its parts, which become defective through faulty operation, or alteration by the Purchaser or its agents, or by damage caused by a power failure or inadequate line voltage.
- (F) The Electrical System, excluding light bulbs, against defective workmanship and materials for the Warranty Period of Two Years except for improper operation, use, or alteration caused by the Purchaser or his agents.

- (G) The Basement against infiltration of free water due to penetration through walls or floor for the Warranty Period of One Year. This Limited Warranty does not cover condensation, backing up of sewers, flash floods, hurricanes, power outages, removal of power to sump pump, sewer leaks through window wells, or welled exits which are not properly maintained by the purchaser. Where wet basement conditions covered by this Limited Warranty result from ineffective facilities for the disposal of surface or storm drainage water, the Builder is authorized to take such steps of corrective action as may be considered desirable, including the installation of sump pumps. This Limited Warranty shall not apply if any person other than the Builder or his agents has made any openings or holes of any kind in the basement walls or floors, or has altered or disturbed the finished grade adjacent to the Dwelling, or elsewhere on the lot if the result is to change the drainage pattern of the ground adjacent to, or near, the Dwelling, nor shall it apply to dampness beyond the control of the Builder such as condensation.
- (H) That it assigns to the Purchaser, without recourse, the manufacturers warranties for all mechanical, electrical and other equipment and appliances furnished with the Dwelling. Purchaser is solely responsible for pursuing its remedies under manufacturer's warranties.

II. BUILDER WILL NOT BE RESPONSIBLE FOR:

- (A) Cracks or surface damage and discoloration in concrete porches, patios, foundations, walks and drives which can develop minor cracks and surface damage and discoloration due to expansion or contraction of concrete or the soil on which it is laid. There is no known method for eliminating this condition. The use of salt on any concrete or Masonry surfaces will cause spalling and will not be covered under this warranty
- (B) Mortar cracks which can develop in bonding bricks together. This is a normal condition due to the shrinkage in either the mortar or the brick and this will not affect the structural strength of the Dwelling.
- (C) Changes of the grading of the ground by anyone other than the Builder, or his employees, agents or subcontractors. The builder is responsible only for initially establishing the proper grades and swales. The owner is responsible for maintaining such grades and swales once they have been properly established by the builder.
- (D) Cracks in sheetrock, paneling, molding and wood which can appear during the normal drying out process of the Dwelling.

- (E) Minor cracking or loss of grouting between tiles or between tile and other material.
- (F) Minor openings of joints in resilient flooring, vinyl, rubber tile, etc.
- (G) Floor squeaks. Extensive research concludes that much has been accomplished in avoiding floor squeaks, but complete avoidance is almost impossible. Generally these will appear and disappear with changes in humidity.
- (H) Variations, minor shrinkage or warping in stained woods, wood cabinets, paneling, doors and trim. Separation of trim moldings from finished walls and shrinkage of caulking less than 1/4."
- (I) Paint. Color fastness under conditions of exposure to extreme sun and weather conditions cannot be maintained, although wood surfaces will still have protection of paint. Paint cracks may occur that are not attributable to the paint or its application. Variations cannot be controlled. Touch-up paint may vary slightly from the original color and does not warrant repainting the entire surface.
