New A/C and Heating Units for our Church

After much discussion, the Parish Advisory Council along with Fr. Konka, has decided that replacing all of the old a/c & heating units with multiple new units is the most financially responsible avenue to follow. Just to repair the old broken unit was approx. \$67,000.00

To replace the old units with new ones (2 – big units & 2 – smaller units) Like what is there now. \$183,000.00

Replace the old units with 10 small units all working together. \$89,000.00 Members of the council traveled to Ord and visited Our Lady of Perpetual Help Catholic Church, which has a system similar to what has been purposed, working for them for 22 years. They have been very happy with how it has worked for their church. The council feels it would work for our church as well. We have enough money raised now to pay for the labor and the electrical needed for the installation. Approx. \$26,000.00. For the remaining \$63,000.00, the council would like to offer a chance for a family or a group of family members to contribute to purchasing one or more of the 10 units needed as a contribution or as a memorial for some one.

A plaque would be engraved and placed on each unit as a memorial to that family or family member.

For any questions, please contact Fr. Konka or any of the Parish Advisory Council Members. We welcome your questions, feed back and prayers.

Please bring your

The wars, unrest and instability have been especially hard on Christians. In these times of crisis, the Pontifical Good Friday Collection provides humanitarian aid for refugees.
