People experience the world in different ways.

As Iowa webmasters, it's our responsibility to ensure the content we create is usable by *all* Iowa citizens, including those who rely on adaptive technology in their daily lives. By following best practices for creating accessible documents, websites and apps, we ensure our content is usable, versatile, convertible, and legally compliant.

Accessible content is good for everyone

- It loads better and faster on mobile devices.
- Captioning allows individuals to watch video without disturbing co-workers.
- Navigating content without a mouse is easier.
- Printing graphs in black and white helps those who are color blind and saves money.

You can download this brochure and the Access Matters brochure series pictured below at: www.iowaat.org.
