At the forefront of animal genetics and reproduction technology.

Offering a quality range of animal reproductive services with the latest technology.

Servicing customers Australia wide...

WELCOME

We take this opportunity to welcome you to the **10th Annual Charnelle Invitation Charolais Female & Genetics sale**. This year we have put together another exciting catalogue with 80 females, 4 bulls, 138 embryos, 2 flushes and 1453 straws of semen.

- This year's catalogue has a female for every operation. The major reduction sale of the Milford Park herd from Ron & Wendy Johnstone represents a golden opportunity to purchase a wide range of top-class genetics including some Evolution daughters.
- A beautiful line of 13 led show heifers start at lot 30 with sires represented include CML Distinction, Palgrove Justice, Elders Blackjack, Charnelle Louis, Glenlea Honourable and others.
- The 2 flushes are really special in this sale and come in at lots 17 & 18 from Glenlea & Wakefield. The opportunity to purchase a flush in Wakefield Amaze 38, the Brisbane Interbreed Champion cow, goes well beyond our borders with the vendors prepared to meet the requirements to export embryos.
- The semen and embryo packages represent the very best of the Charolais breed – both from yesteryear and the modern-day genetics.
- At least 8 lots have been tested Homozygous Polled and will be clearly marked in the catalogue

As I write this welcome the paddocks are green, and the weatherman is predicting good widespread rain over the next week. Many of us have had a pretty tough couple of years so it is a relief to get a season that we can maximise our returns with. The beef industry has never looked stronger for the future, with record prices being already set in the sale yards. Remember: "The good ones are never dear"

The sale will be interfaced on Elite Auctions. (Please familiarize yourself with Elite Auctions sometime before the sale date) This year Lots 1 to 123 will be a Physical Auction as normal with the semen Lots 124 to 212 will be an online Auction only. It will open 48 hours before sale day and close 3:00 PM sale day (Qld time). Any questions please call myself (Graham 0427 622 410) or any of the agents. Phone bidding will also be available to your preferred agent.

Transport will be available to most places and short term agistment is available.

A canteen will be operating on sale day.

On behalf of the vendors and selling agents we invite, and again welcome you, to our sale and look forward to seeing you on Saturday 07th March 2020. We wish you well with your purchases.

Warm Regards
Graham Blanch

PLEASE BRING YOUR CATALOGUE TO THE SALE

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Welcome to the new age of selling livestock in
Australia and "Happy Bidding"

-  1 Simply go to **www.elitelivestockauctions.com.au** using your desktop, laptop, iPad, iPhone or android device
-  2 Click on the **"Sign Up"** page / link
-  3 Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer.)
-  4 Agree to the Elite livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue
-  5 Click **"Register"**
-  6 You will then be notified by email that an account has been created

-  7 Once an account has been created you are all **"Set to Bid"**
-  8 Each auction can then be viewed by clicking **"Live Auction"** logo on the Elite Livestock Auctions website
-  9 Once you receive email notification that your account has been created please go to the sale you wish to bid at and click **"Request to Bid"**
-  10 The sale agents will then approve your application to bid and on the sale catalogue you will see **"✓ Bid Request Approved"**
-  11 On Sale day simply login, click **"Enter Auction"** on the catalogue page and you can start bidding.
(There is no need for software download)
-  12 At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

7**

HASTING 1492102626 (OAF M149F)
SIRE: NOVOTEL 5897127519 (OAF S7519F)
 DATCHA 5888121456 (PED -1456F)

COMMENTS: This Valley View cow is a quality Novotel daughter from a quality breedplan & genetically friendly donor cow Palgrove Estella 214. She has a nice heifer calf at foot by Caloona Park Little Hero. Another daughter who had plenty of success for us on the show circuit, Milford Freyja, later in the sale. Valley View calf is Milford Estella JOH Q2E.

DNA TESTED HOMOZYGOUS POLLED

COMMENTS: We select one of our best young females every year for this sale. Sired by the powerful breeding bull GLENLEA HONORABLE (P) R/F, being used in several leading studs that purchased semen packages throughout Australia. Her Dam, H36, our pick of the young cows from the purchase of the Mullum herd in 2015. Refine's EBV's are well above average in 12 out of 16 measured traits, with all important growth and carcass EBV's top 5% of breed. Refine is Tested HOMOZYGOUS POLLED and Red Factor, 1st calver with thickness throughout, she has had a Perfect udder, feet and pigment, and ideal soft fine hair coat with a very docile temperament. A donor cow in the making! With a lifetime earning capacity that is at the top end of the Stud Charolais business in Australia. Her bull calf at foot, "Quimby" is by one of our leading new sires, GLENLEA KENWORTH and is leaving great progeny from any cow he is joined to! Tremendous strike rate and "Quimby" is no exception, Homozygous Polled, Red Factor, plenty of growth, thickness, softness and style to be a sire prospect and/or lead sale bull for 2021. She is PTIC to GLENLEA JUST RED GLE J5E (P) R/F an E.T. son of JANET U6 who has produced several stud sires, including GLENLEA BIG GUN (P) R/F GLE B10E. The JANET cow family has 40 years of history in the GLENLEA Herd and there are members of this cow family in stud herds in every state of Australia! JUST RED is HOMOZYGOUS POLLED AND HOMOZYGOUS RED FACTOR. This is the first female sold PTIC to him and is an exclusive opportunity. **You are guaranteed a Homozygous Polled, Red Factor Calf! High Income Potential will give this lot a high valuation.**

GLENLEA REBBY 20TH (AI) (P)

VENDOR: RODERICK BINNY

TATTOO: GLE N5E

DOB: 28/07/2017

J-BAS
7

COMMENTS: Rebby 20th is a 4th generation Donor. Sired by world breed legend IMPAIR out of the very famous Australian REBBY cow family with her dam sired by another world breed legend CIGAR! Smooth Polled, early maturing, with added bone and overall mass giving REBBY 20th that extra Charolais yield that adds supply chain value. Her sons will be easy to sell even in tough times, and daughters that you will never want to sell! DOABILITY ... The ability to hold condition in tough seasonal conditions is our number 1 selection criteria in the Glenlea herd, and this female epitomizes doability, add that to her well above average EBV's, perfect udder, feet, smooth fine hair coat and bomb proof temperament and she was born to be a donor female! Her great grand dam, grand dam, and dam have all been donor females with impressive flush results. In 2019 her Dam produced 48 embryos from 3 Flushes with one of those being a sold flush for \$5000 that resulted in 19 embryos! Tremendous value for money! Both cow and her heifer calf will be on display, sale day at venue, she will be flushed at the end of April 2020. All Glenlea exclusive sires and semen stock is available for this flush, including GLENLEA HONORABLE, GLENLEA JUST RED, Silverstream Holster, Winn Mans Skaggs and many other highly noted domestic and international sires. Call to discuss. Guarantee: min 6 embryos, purchaser to receive all freezable embryos no maximum. Purchaser to pay all flush and semen costs.

VENDOR: GJ & JM FRIZELL

TATTOO: BIS L993E

DOB: 10/10/2015

J-BAS

COMMENTS: Wakefield are proud to offer a unique opportunity to secure a flush from Wakefield Amaze 38 to a bull of your choice. Amaze 38 had an outstanding year in the show ring achieving Supreme Exhibit at the Charolais National and Champion of Champions female at the Ekka in her only two outings for 2019. She's from one of our outstanding donor cows in Wakefield Amaze 10 and exhibits her dams excellent feet, leg and udder structure. Amaze 38 already has some exceptional natural and ET progeny on the ground and we are confident the resulting progeny from this flush will be an asset to any herd. We guarantee the Purchaser a minimum of 6 A-Grade Embryos. The Purchaser to cover the cost of the semen, flushing, freezing and any on centre costs if export qualification is required.

WAKEFIELD AMAZE 2 (BIS C129E) (P)

WAKEFIELD AMAZE (BIS A820E)

COMMENTS: Package of 2 A-Grade Embryos. Best of the Best!! An opportunity to recreate the Champion female Wakefield Amaze 38. Wakefield Amaze 10 is an amazing 10 year old Donor. She still has perfect feet, legs and udder and is a big volumed, fertile female with outstanding phenotype. She is a third generation embryo cow herself and we think it is safe to say that this Ijoufflu daughter is the best cow that we have ever bred. The runs are on the board for this joining by the Champion bull Advance Domino. We guarantee 50% conception rate if transferred by an approved ET technician. Price per embryo.

WAKEFIELD AMAZE 2 (BIS C129E) (P)

WAKEFIELD AMAZE (BIS A820E)

COMMENTS: Package of 4 A-Grade Embryos. Top shelf genetics on offer from the Wakefield herd. A half share in Venturon Maximum Impact was purchased by Winchester Charolais for \$15,000 as a 10 month old calf, after his success at the Perth Royal. After inspecting him at the Sydney Royal, where he won his class, we decided to include this young homozygous polled sire in our breeding program. The calves that arrived last year are very correct with great length of body and good topline. We expect this combination of stylish phenotypes to produce some excellent Charolais. We guarantee 50% conception rate if transferred by an approved ET technician. Price per embryo.

SPARROWS SHERIFF 315W MC82309 (OAC G315E)
BELL BROOK REFINE 3 (AAH K3E)
PALGROVE REFINE 3 (PK C52D)

COMMENTS: Great opportunity to purchase embryos from this exceptional Donor. Palgrove Refine 32 was crowned Interbreed Champion at the 2000 Beef Expo in Rockhampton as a heifer with her first calf at foot, and managed the same feat two years later in 2002 at the Sydney Royal. Mac 2244 is still the benchmark for growth, low birthweight, softness & fertility. The second pic is of Palgrove Refine 57 – a full sibling to these embryos. Embryos sold per embryo and are stored at Gympie Qld.

VACCINATIONS: 3 germ blood, 7 in 1, 3 day sickness & Pestigard

COMMENTS: Quiet led polled female out of one of Jay Tees best. Check the pedigree. Her sire was by LT Blue Grass and also had Wyoming Wind, Exclusif, Palgrove and Pinnaroo lines on his pedigree. She has a heifer calf at foot who will be six months old on sale day. The calf is also quiet and led by Jay Tees Navigator. He is used quite extensively by Jay Tees due to his low birth weight -0.8 high milk +11 sound EBV'S good confirmation and breeding. Marquesite will be AI'd to homozygous polled bull Iceberg and will hopefully be PTIC by sale day as a 3 in 1 package. She and the calf are PV and DNA recorded with all vaccinations up to date. Of course, fully guaranteed.

COMMENTS: Elegance 16 is without a doubt the most complete heifer we have ever offered for sale.

And we don't say that lightly.

Her dam is the best cow we own, so we hope we can breed a carbon copy of her in the future. She has Pinay in both sides of her pedigree.

We wanted to offer something special with this being our 10th year running this sale, and the 20th. year continuous selling females in Toowoomba. So to lift it to another level, we had to pull out all stops and offer this stunning heifer.

She is by the 2015 Canadian Agribition Champion, CML Distinction. When we saw Distinction in Canada in 2016 we were excited to be able to buy the semen rights to him, and knew he would have a positive impact on our breeding program. The power in him and the ease at which he moved around was what really did it for us. His first son for us Charnelle Distinction (P) N42E (see lot 96) sold for \$11000 to Kenmere Charolais. The consistency in this heifer will be another feature, with her full ET brother Charnelle President P14E, probably the best bull in our bull pen at the moment.

She has terrific bone, softness, and thickness yet is still feminine enough to produce those very meaty bulls which are so much sort after. She was shown in Brisbane for a third placing, but as she has matured, she has got better and better, and we believe she could have real potential in the 24 – 30 months class at the Ekka Charolais World Congress Show in August. She should have by then a four-month-old calf at foot by LT Ledger. Elegance 16 is due to calve on 21/03/2020 so we would love to take her back home and calve her out if the new owners so wished. This would be done free of charge. Troy Nuttridge of TLC Fitting Service would love to offer his services if you require showing of this female in the future – see ad.

COMMENTS: Another beautiful feminine, led show heifer with all her life in front of her. She has a top 10% ranking for 400-day growth and EMA, and top 18% ranking for 200 day & 600 day growth, scrotal size and rib fat. She has that Charnelle Louis length and lovely temperament. She was served by Charnelle Phoenix P10E (Homozygous Polled) on 04/02/2020.

VACCINATIONS: 7 in 1, 3 germ blood, 3 day sickness & Pestigard

COMMENTS: A real sweetie this one!! The students at West Moreton Anglican College broke her in and showed her very successfully last year. She became a favourite among them. She has that "Charnelle Blend" of French and N.American genetics. A medium framed heifer that will be low maintenance and is out of the best milking cow in our herd. Aled to Charnelle Panama (P) P25E (inside front cover) on 13/12/2019. Running with Charnelle Phoenix P10E from 01/01/2020.

VACCINATIONS: 7in1, 3germ blood, 3 day sickness

COMMENTS: A clean polled heifer who has always been a standout for her tremendous length, bone and power. Backed by a pedigree full of greats with names like Redemption, Xtra Impact, Laurel and Primadonna. Check out her EBV's, the performance speaks for itself. Al'd to Sparrows Seminole (P) on the 21/10/19 and PTIC, this should be a great joining.

VACCINATIONS: 3 germ blood, 7 in 1, 3 day sickness & Pestigard

COMMENTS: This outstanding quiet led heifer is homozygous polled. She has an excellent pedigree. Her dam is by LT Blue grass out of Crathes Dawn 16 with very sound EBV'S. Her sire is Jay Tees Navigator used quite extensively by Jay Tees as his progeny are excellent. He has low birth weight -0.8 high milk +11 sound EBV'S good confirmation and breeding. This heifer will be presented unjoined as she will only just be 14 months old on sale day. Jay Tees is hopeful she will do well in the heifer sale prior to the sale. She is PV'd DNA recorded and fully guaranteed. All vaccinations are up to date.

VACCINATIONS: 7 in 1, 3 germ blood & Pestigard.

COMMENTS: Paisley is a quiet, soft, feminine heifer with natural thickness that has started her show season at a Junior Cattle Camp so is ready to walk into the show ring. Her dam, a standout Palgrove Freedom daughter, is a lovely uddered, moderate female. By the multi trait leader in Ascot Gunn (LT Western Edge) who has proven himself to be a powerhouse sire. His sons have consistently been our lead bulls each year with his sons at the 2019 Coolabunia Classic Sale averaging \$8875. It is not often that we sell Gunn daughters but have put 3 in this sale – this Lot as well as Lots 67 & 68. Fertility and maternal instincts are proven in this heifer's line. This is a heifer with plenty of substance and style. Her EBV's show a moderate birth weight with high milk and strong growth - Top 5% for Milk, Top 10% Rib & Rump Fat & IMF, Top 20% 400 & 600 day growth. Unjoined

Expect
Exceptional
Progeny from
Leading Glenlea
Genetics

GLENLEA BEEF

GLENLEA JUST RED (P) (R/F) (GLE J5E)

Lot 16 is PTIC and the sire of the DAM of Lot 39

Purchased back from Womblebank Pastoral Co at Injune QLD after having been sold to them as a two year old. Progeny by A.I. have been exceptional. HOMOZYGOUS POLLED AND HOMOZYGOUS RED. All progeny to date from white cows have been a nice red factor Charolais colour. Purebred progeny data will increase with a number of calves being recorded and will reflect leading growth and carcass data at moderate birthweights.

Semen available on a limited basis.

GLENLEA KENWORTH (P) (GLE K80E)

Sire of bull calf at foot of Lot 16

Kenworth was sold as a calf at side of his Dam in our 2015 sale and purchased back at 3 years of age after seeing his first progeny weaned. HOMOZYGOUS POLLED. LOW BIRTHWEIGHT. Unique Bloodlines with performance polled genetics combined with original import Old French bloodlines recognized for maternal strength, calving ease and extra carcass yield. Progeny are thick, with plenty of ability to lay down fat cover, medium framed with natural volume all the basics to be great doing cattle in the tough seasons! This sire has been used heavily at GLENLEA and his progeny will feature in our future sales.

VALLEY VIEW MISS ESTELLA (P) (R/F) (VLW G58E)

Dam of Lot 40

Great producing cow with exceptional milking ability and doability, her calves have always been the heaviest or very near to it in her mob. Medium framed, big volume female, perfect udder and her EBV's speak for themselves. Her daughter by GLENLEA HONORABLE offered at Lot 40 is a donor prospect and her future earning potential is exceptional. Sire is a polled red factor sire by IMPAIR who was interbreed champion bull and supreme exhibit of the show at Sydney 2010. Dam is sired by MR PERFECT (sire of CIGAR) and from the Estella cow family.

GLENLEA ADAWNA 5TH (P) (R/F) (GLE M106E)

Dam of Lot 39

Adawna 5th was the first Glenlea Just Red Daughter to calve, perfect udder, great temperament and raised a great heifer as her first calf being offered as Lot 39. Her Dam has had exceptional progeny to every sire she has been joined to, with a daughter GLE K63E being promoted to the donor herd after her first calf! Very fine coated, with EBV's that rank her above average in 8 recorded traits and I am sure will increase in values as she has more progeny recorded.

VACCINATIONS: 3 germ blood, 7 in 1, 3 day sickness, Pestigard

COMMENTS: The first yearling daughter offered from new sire, Challambi Muscles, top priced bull at the 2017 Challambi/Huon sale in Southern NSW. "Muscles" himself was a purchased frozen embryo from Rosedale Stud by Nigel Spink from Challambi Stud at BEEF 2015 out of female described by James Millner at Rosedale as his best cow out of 300. Sired by extra low birthweight bull, LT Venture (P). We have used "Muscles" over a diverse range of females from multiple genetic lines with great results, low birthweight, easy gaining progeny calf after calf! More daughters will feature in future GLENLEA Female sales. Adawna 7th's Dam calved as a 2 year old heifer, sired by GLENLEA JUST RED (P) R/F one of our first to calve by "JR", and has just calved again, having 2 progeny on the ground by 3 years of age! A perfect uddered, big bodied young cow, just like her daughter Adawna 7th! EBV's on this heifer are outstanding, well above breed average in 15 out of 16 recorded traits. Show prospect for the World congress in August and has had one outing in the show ring. This Homozygous polled red factor female will produce high value progeny throughout the 2020's Unjoined. VACCINATIONS: 3 germ blood, 7 in 1, 3 day sickness, Pestigard

COMMENTS: A special "Honorable" heifer and like every lot GLENLEA is Offering at this sale in 2020 selected from top of the herd. Breeding these top females is hard, offering them at auction even harder! Tremendous phenotype, so wide, deep and thick! Double polled, double red, Estella 15th was the heaviest weaner in her mob. She is typical of the "Honorable" females having extra thickness and power while being easy doing and can lay down fat cover easily. Her sire is well known and progeny are sort after, just have a look at her older half-sister in Lot 17. Her Dam is sired by THW DEEV8, Supreme Exhibit at Sydney Royal 2010 and Horden Trophy winner. Her Dam an LHD Mr Perfect (P) sired female from the famous Estella cow family, Big volumed female, heavy milker, moderate framed and easy doing. Estella 15th's EBV's reflect her genetics, having better than top 5% growth and carcass traits. All this performance in a medium framed, easy doing, extra thick bodied female that will produce high value progeny and in our opinion is a donor prospect. She is a show heifer for the World Congress and has had one outing in the show ring. Unjoined. Purchaser / \$

VACCINATIONS: 7 in 1, 3 germ blood, 3 day sickness & Pestigard

COMMENTS: A led heifer with REAL potential here. An ET Distinction heifer out of one of our most consistent breeders D5E. Q6E is Homozygous Polled and will make a good show heifer and breeder. Terrific EBVs in this heifer include top 5% for fertility, top 10% for 600-day growth, and top 20% for 200- & 400-day growth and rib fat. All this with an average birthweight. Full sister retained in our herd.

VACCINATIONS: 7 in 1, 3 germ blood, 3 day sickness & Pestigard

COMMENTS: Remember our front cover heifer by Blackjack in last year's sale! She found a wonderful home at Kenmere Charolais where she has calved out and is going very well. Well Q16 is a full sister out of the same Red Smoke x Blackjack mould. She has a low birthweight, moderate growth and top 1% fat figures. Super soft, super quiet, super sweet led heifer!!

VACCINATIONS: 7 in 1, 3 germ blood, 3 day sickness & Pestigard

COMMENTS: The first of our three Polled Full French heifers in this sale although P30F had small scurs. She is the first calf out of our donor cow lot 14. She has tremendous thickness which I believe will be the basis for producing those meaty bulls. Served by Charnelle Panama P25E on 30/08/2019, PTIC and due to calve on 12/06/2020.

LT BLUEGRASS 4017P M686569 (OAU Z4017E) (P)
DAM: JAY TEES HONOUR (JT H25E) (P)
JAY TEES FIDELITY (JT F6E)

COMMENTS: Here is a lovely long polled soft led bull by the great sire M6 Gridmaker (trait leader BWT -2.7 and milk +20) Who is no longer available. He also has a good smooth short hair type and neat sheath. His dam Jay Tees Honour has produced some excellent progeny including Jay Tees Merit who sold for \$4,000 at this sale last year. You can see from his pedigree, he goes back to Palgrove and also LT Blue grass on his dam's side with Mac2244 on his sire's side. Check his EBV's low birth weight at -2.00 (top five percent), excellent growth figures, milk +14 (top five percent), and indexes above top five percent. He is really keen to work and moves very freely. He is PV'd and DNA recorded. He will be fat scanned and semen tested with results on sale day. Do not miss this opportunity, of course he is fully guaranteed. All vaccinations are up to date.

 JAY TEES ZIRCONIA (JT Z13E) (P)

COMMENTS: A true gentlemen of a bull. Polled, quiet, led, good coat type, tidy sheath and strong top line. Excellent pedigree. His sire is by Sisteron out of one of Jay Tees best lines going back to Exclusif and Palgrove. His dam is a very deep bodied good doer also with excellent pedigree mainly Palgrove with Mac2244 and Genk also there. He has not been pushed along hard but has good growth for age. Jay Tees is confident he will perform extremely well. He is PV'd and DNA recorded and will be semen tested and fat scanned with results on sale day. He is too good to miss and of course fully guaranteed. All vaccinations up to date.

DAM: CHARNELLE FRIESIA 5 (AI) (ET) (P) (GKA H41E)

PALGROVE FRIESIA 19 (PK Y224E) (P)

COMMENTS: This Mac 2244 donor is the type of cow that we wish our whole herd was like – lots of volume, soft, terrific milk, moderate frame and so easy to maintain and handle. The photo of her was only taken a few weeks ago. Then you ad our popular & exciting new import Elders Blackjack and you are bound to have something pretty special, and as both parents are homozygous polled the progeny should be also. We guarantee 50% conception rate if transferred by an approved technician. Claim to be made within 18 months. Price per embryo.

DAM: CHARNELLE DIGNA74 (AI) (P) (R/F) (GKA D5E)

CHARNELLE DIGNA 40 (GKA Z52E) (P)

COMMENTS: The dam of these embryos has been one of our most consistent breeders in recent years. Two of her sons sold for \$7000 or more two years in a row at our bull sales. She is the dam of our show heifer lot 41 who is homozygous polled. Good chance the progeny from these embryos will be homozygous polled as their dam is, and Gallway has sired a number of progeny that are, including lot 60 in this sale. Gallway will add strength of spine, length, extra bone and maternal traits to an already maternal dam. **We guarantee 50% conception rate if transferred by an approved technician. Claim to be made within 18 months. Price per embryo.**

LOT
100

A Grade Embryos

CHARNELLE EMMA (AI) (ET) (P) X PALGROVE JUSTICE (AI) (P)

Purchaser / \$

ON OFFER: 2 x A Grade Embryos

VENDOR: G.K & K.A BLANCH

PEDIGREE OF RESULTANT CALVES:

SILVERSTREAM EVOLUTION E168 083090168E (OAN E168E)(P)

SIRE: PALGROVE JUSTICE (AI) (P) (PK J603E)

PALGROVE AMY 36 (PK E479E) (P)

RC CHARLIE 0327 M672200 (OAU Y2200E) (P)

DAM: CHARNELLE EMMA (AI) (ET) (P) (GKA E50E)

MS COOLEY SIRPAUL518M3ET F959703 (OAU X9703E)

COMMENTS: Emma E50E is a real asset in our herd. Check out the photo of the bull next to this lot. Charnelle Phoenix (P) P10E is a full sibling to these embryos. He is the bull we have used to cover the sale females and others after our AI program. We hope to show him in Brisbane. He is a low birthweight, low maintenance, growthy bull that is homozygous polled as his siblings should be as well. Emma was imported as an embryo from the USA, and along with her half-sister Elle E10E, both by RC Charlie, they are both real assets in our herd. **We guarantee 50% conception rate if transferred by an approved technician. Claim to be made within 18 months. Price per embryo.**

**LOT
101**

FERNVALE XRATED (FEN X40E)

FERNVALE ANGEL (FEN A30E)

FERNVALE PRIMADONNA (FEN P28E)

COMMENTS: These embryos combine outstanding genetics on both sides of the pedigree and complement each other very well. **The progeny from this mating should be polled.** We have 3 pregnancies due from this mating in July 2020. The dam currently has a polled Impair bull calf at foot which looks very impressive. A 50% guarantee is offered if implanted by an accredited technician within 12 months. THWG7E This cow comes from one of the most noted females to come out of the Fernvale program. Her dam was a donor for Fernvale, who produced 27 registered progeny and multiple sons becoming stud sires. The granddam is the legendary Primadonna who has 66 registered progeny with sons and daughters now in the pedigrees on many females throughout Australia. Pinay has been and continues to be an outstanding sire for the Charolais breed. The extra performance and muscle that he adds makes him a must use sire. His breedplan EBVs are outstanding being in the top 5% for Calving ease direct, gestation length, carcass weight, eye muscle and retail yield and top 10% for all growth traits.

FERNVALE RIPPER (FEN R1E)

FERNVALE CHIFFON (FEN C22E)

FERNVALE PRIMADONNA (FEN P28E)

COMMENTS: A top end cow line combined with a great sire produces something special. Mid parent EBVs indicate top end growth and carcass traits. We have 2 pregnancies due from this mating in July 2020. A 50% guarantee is offered if implanted by an accredited technician within 12 months. VLWG68E This cow can milk and always raises an outstanding calf. She is sired by WCR Duke 835, the sire known for his maternal qualities, and out of the cow that Valley View built its breeding program around, Fernvale Chiffon. Chiffon is a full sister to Fernvale Trapper and has progeny in 8 herds with sons performing stud duties. Sudden impact, the Canadian National Champion, has been imported by Wakefield Charolais. He has produced sale topping sons for Wakefield and Palgrove. Palgrove sold a son, Hannibal, to Mt William who has produced excellent progeny for both studs. Sudden Impact has a great set of EBVs for performance and carcass traits.

SPARROWS SEMINOLE 927W (P) OACE927E

SEMEN - PRICE PER STRAW

VENDOR: RYAN & RACHEL HOLZWART

COMMENTS: We were fortunate enough to acquire the Australian semen rights to Sparrows Seminole in 2016 after seeing the huge influence he had on the Stepler Charolais Herd in Canada, labelled as the 'cornerstone sire' in their highly regarded breeding program.

Seminole has had a big impact on the Canadian Charolais industry with numerous sons going on to do Stud duties, whilst his hard working, high milking daughters remain highly sought after.

His progeny here are exceeding our expectations. He stamps them with meat capacity, volume and softness. Calves are moderate at birth but grow fast and are very heavy at weaning.

Seminole's first Australian born sons to sell at auction were a highlight of the 2019 Bauhinia Park bull sale, selling at a top of \$18,000 to average \$9750.

This will be the last Seminole semen offered at auction, be sure not to miss out!

PALGROVE VIAGRA (P) PK V92E

SEMEN - PRICE PER STRAW.

VENDOR: Colleen O'Leary

COMMENTS: Palgrove Viagra, purchased by the O'Leary's in 2002 for \$20000. Without a doubt Viagra would have to be one of the best LT Wyoming Wind sons ever bred in Australia. Out of Palgrove Estella 73 by Aga Khan. The Estella cow family is one of the most recognized in the Palgrove herd. Viagra's progeny is what make him a real Champion with sons & daughters dominating both Brisbane & Sydney Royal shows in 2006-07. 14 sons averaged a whopping \$21,357 at Palgrove bull sales in 2006-07. Don't miss this unique opportunity to purchase semen from this outstanding bull.

AMBERLEY CHAROLAIS

The sale of this semen is the end of a lifetime of interest in cattle that started in a very small way in 1971 with the AI of 4 cows to up grade to pure bred. These cows all had bull calves so that delayed the programme a year.

My plan right from the start was to breed poll cattle, so my foundation females were poll beef cows of various breeds. I included poll bulls as soon as semen was available, Lazy JR Cadet 5C(P) in 74, Power(P) in 75, and Crown(P) in 76, Canadian Meridian(P) in 77. I then bought Sundowner Ranch Mark in 78 a grandson of Carabinier as a follow up bull. This was the only time I used a horn bull in the paddock.

I still used some AI bulls, Mandalong Polly(P), Mandalong Pollo(P). I then purchased Mandalong Robert (P), photo attach in 1981 who was my first poll bull for the paddock. Then in 1983 we imported a poll bull from Canada, Quality Poll RCMP, photo attached. He took some time to arrive, coming through Cocos Island quarantine. At that time, we had approx 80 cows, so it was impossible to AI that many.

I would still do some AI to introduce new blood lines or embryo transplant. In 1987 I used Tattenhall Impeccable and bred a poll heifer ACH H53(P) and a poll bull Amberley Hall ACH H54(P), photo attached. I continued introducing new blood lines this way and bred many, many poll bulls for my stud. All stud bulls in later years were DNA tested for feed efficiency, tenderness and marbling.

The semen for sale is "left over" from my plan of combining French blood lines on my strong poll females to breed a poll bull for use in the paddock.

I have travelled many a mile to the eastern states with my cattle and enjoyed all of my years breeding Charolais, but as everyone knows all good things must come to an end.

Baroola Charolais was established in 1973 and continued through until 2014, with the major reduction of stud females in February 2012. The semen and Embryos catalogued today were retained for our son Scott to continue with his Narracoo Charolais Stud but due to persistent drought AI and implanting programs were deferred. With the drought biting hard in the Roma district the remainder of the Narracoo herd was sold to Clare Charolais in April 2019 and the decision was made to sell the remainder of the semen and Embryos.

NOTICE TO ALL GENETICS BUYERS

Our sale has developed into a sale beyond our expectations, so we are always looking to deliver to buyers as efficiently as possible. We will require a dispatch form filled out by each buyer and returned to Graham Blanch. These forms will be emailed out to the buyers within 7 days of the sale.

The last two years I have been able to personally deliver Embryos & Semen to WA because of the volume involved. I will do the same this year if volume permits.

Regards Graham

MELPLASH ESCARGOT 4HH E5E

COMMENTS: Bred impeccably well for us, daughters are big roomy cows and the bulls suited to cross breeding with Bos Indicus females. Escargot's progeny consistently had higher fat cover than their counterparts' at the Kojonup grassfed trials. Progeny from him beat bulls entered from the top eastern state's studs. 18 bulls tested - Results included: rump fat 1st, rib fat 2nd, IMF 4th, marble score 6th, docility test 1st. He also did very well in more recent BIN trials over Bos Indicus females where his progeny excelled with doing ability and cover. He is the sire of "Super Donor" H2E J17E and sire of bulls used as foundation sires in the Tralee herd, Kooyong JR and Kooyong King Kong.

KOOYONG PRIME BEEF (P) (R/F) H2E P25E

COMMENTS: Homozygous Polled by Kooyong Glen, Prime Beef stands on excellent feet & legs. He is long and deep with a smaller head and clean shoulders. Very low birthweight EBV of -1.2 and gentle disposition, and terrific growth makes him a great prospect. Recent weight and scans: 996 kgs, fat 8/6 EMA 137 & IMF% of 4.1.

210	10 Straws @ \$
-----	----------------

KOOYONG POWER (P) (R/F) H2E P25E

COMMENTS: Another red factor Homozygous Polled bull. This time a breeding combination of Harvie Redemption x RC Charlie. Ranked in the top 5% for rib & rump fat and scrotal size, and top 10% for 400-day growth.

211	10 Straws @ \$
