Welcome

We take this opportunity to welcome you to the 11th Annual Charnelle Invitation Charolais Female & Genetics sale. This year we have put together another exciting catalogue of 62 females, 3 bulls, 121 embryos, 281 straws of semen, and a cattle foot bath.

- This year's catalogue has a female for every operation. We feel sure you will be impressed with the quality of females and genetics on offer.
- Some highlights include five Elder's Blackjack daughters which run from lots 11 to 15. Blackjack was recently crowned Charolais Bull Champion of the World and is really proving to be the benchmark for performance & carcass traits and now proving to sire exceptional breeding females as well.
- Two real feature females in the sale are two heifers as the result of imported embryos from NZ. These two lots 18 & 41 are daughters of the highly recommended Silverstream Dasher H104 recognized as one of the leading donors in the Silverstream herd. Lots 19, 20, 40 & 42 represent the first time offering of females by Silverstream Minister, an Evolution son with plenty of promise.
- They don't come much better than lot 49 ... out of the Interbreed Champion at Royal Shows and Beef 2016 and sired by new Canadian sire Crowd Favourite. Crowd Favourite also features in three other high-class females, lots 50, 51 & 54. Also 10 embryos by him are on offer.
- There are eight DNA tested homozygous polled females in the catalogue which have been clearly marked.
- A number of the females are halter broken and are definite show prospects. There will be a show with about 12 females presale at about 10:00 AM.
- The embryo and semen lots on offer this year would have to be the best ever offered at our sale. We hope to personally deliver embryos & semen to WA (Covid Permitting) Mid-April.
- As the saying goes "The good ones are never dear".

The sale will be interfaced on Elite Auctions. (Please familiarize yourself with Elite Auctions some time before the sale date)

Short term agistment is available to coordinate with other sales.

Transport to most places will be available. Last year we were able to deliver females to Victoria within 36 hours of our sale.

A canteen will be operating on sale day.

On behalf of the vendors and selling agents we invite, and again welcome you, to our sale and look forward to seeing you on Saturday 6th March 2021. We wish you all the best with your purchases.

Warm Regards,
Graham Blanch.

PS. Please bring your catalogue to the sale.

Comments: Jessie is our second 1st calver sired by Fairfield Lone Ranger out of a heavily French infused Harleywood Dam, and again one of our original Stud females purchased. This Stylish polled female has a fine coat, plenty of carcass again with great feet, temperament and excellent udder and teats. Her EBV are preliminary as we didn't submit data on our all our "P" drop females. We are confident her Ebv's will lift as she is a genuine performance female with a great carcass. We wanted to offer two of our best, for our first females to be sold at auction. Jessie has a Low BW fast growing heifer calf at foot, strong phenotype that we really should be keeping, again Sired by Glenlea White Gold GLEM92E. Jesse has been running with the Homozygous Polled, Red Factor Sire, Glenlea Pheonix (P)(RF) GLEP41E. Sale topper at Glenlea's Clermont Sale, October 2020, selling for \$25,000 from 17/1/21 up until 3/3/21. Pregnancy details sale day.

Sired by "HONORABLE" A MAXIMUM PERFORMANCE IMPACT SIRE AT GLENLEA AND OTHER MAJOR STUDS IN QLD FOR SEVERAL YEARS NOW, HIS PROGENY BREED ON SO WELL, DAUGHTERS WITH GREAT UDDERS. HEIFERS HAVE SOLD TO \$11,000 SONS TO \$18,000.

MANDY'S DAM IS A MEDIUM FRAMED BIG VOLUMED FEMALE WITH A PERFECT UDDER, HER FIRST CALF BY "LOUIS" HAS GROWN INTO A STANDOUT FEMALE AND WILL BE RETAINED, VERY HARD TO OFFER MANDY 2ND AS THIS NEW COW FAMILY IN THE HERD IS PRODUCING SO WELL, BUT AS ALWAYS WE ONLY OFFER A SELECT FEW AT THIS SALE EVERY YEAR AND THEY ALWAYS FROM THE TOP OF OUR BREEDING PROGRAM!

MANDY IS A VERY SQUARE ON HER FEET, LONG, DEEP AND THICK BODIED, LOVELY STRONG POLLED HEAD, FINE HAIR TYPE, PERFECT TEAT SET UP, AND WITH THE EYE APPEAL THAT IS OFTEN DEFINED AS THE X FACTOR, VERY GENTLE NATURE. WILL BE COMPETITIVE IN SHOW RING AND A STANDOUT PRODUCING IN THE Paddock.

EBV'S SHOW A SENSIBLE BW WITH TOP 10% GROWTH ACROSS 200, 400 AND 600 WEIGHTS, LIMITED CARCASS DATA ON THIS COW FAMILY MOVE HER CARCASS FIGURES BACK TO THE MID RANGE, BUT BASED ON OUR EXPERIENCE THIS FEMALE WILL INCREASE HER CARCASS FIGURES AS MORE DATA FROM HER AND HER COW FAMILY ARE ADDED TO BREEDPLAN RECORDS, THEIR RAW SCANS HAVE BEEN WELL ABOVE CONTEMPORARY GROUP AVERAGE.

Comments: NOLANA 125TH THE SECOND OF OUR POLLED, RED FACTOR KENWORTH DAUGHTERS WE ARE OFFERING AT THIS YEARS SALE. A CLASS FEMALE WITH THAT EXTRA CARCASS IN AN EASY DOING, FEMININE FEMALE. DEPTH OF BODY, WIDE TOP LINE, STRONG POLLED HEAD. WE INTENDED TO RETAIN THIS HEIFER, BUT ANOTHER HEIFER WE SELECTED WASN'T QUITE GOOD ENOUGH SO WE DRAFTED NOLANA INTO THE SALE TEAM, SHE STARTED HER PREPARATION LATER AS A RESULT AND WILL EXHIBIT HER FULL POTENTIAL BY SALE DAY. EBV'S HAVE MODERATE BW WITH ABOVE AVERAGE GROWTH ACROSS ALL GRWOTH TRAITS, AND STRONG CARCASS WITH TOP 10% BEEF YIELD, WELL ABOVE AVERAGE EMA AND IMF%. HER DAM IS A WONDERFUL IJOUFFLU DAUGHTER, POWERFUL CARCASS WITH A GREAT UDDER AND GENTLE TEMPEREMENT, THAT HAS PRODUCED SOME SPECIAL PROGENY. THE COW FAMILY HAS 40+ YEARS OF HISTORY IN THE GLENLEA HERD AND HAS BEEN SO PROLIFIC BECAUSE THEY ARE SO PRODUCTIVE.

 GOBONGO EXCELLENT E401E (GO E401E) (P)
DAM: ELITE ESTELLA (EL1 J22E)
 KINDARA AV ESTELLA 15 (K4P F2E)

Comments: A red factor Kandoo daughter that was one of the 'top picks' on our keeper-list for the year because of her overall balance, softness and femininity. Her dam was one of our favourite cows in the herd, with a faultless udder and had the ability to produce a very consistent line of quality progeny every year. Joining details will be available on sale day.

ELDER'S

The "Charolais Banner": Helge & Candace By have published the Banner for many years and I consider it to be one of the most informative Charolais magazines in the World. Helge drew us a road map to find the type of bulls we were looking for.

The "People": Mike, Donna & Ron with Katrina. The Elders would have to be the nicest people to have dealings with. Nothing is ever too much trouble.

The "Calves": 'The proof is in the Pudding' These were some of Blackjack's first calf drop.. and they were standouts. One of these calves is Elders Crackerjack, who later sold for \$26000 and is now a lead Herdsire for McTavish Farms

a new AI sire to not only have a positive impact in your Australia in a positive way!

He is soft easy doing and very free moving, he will be sure to stand out in the pens. Quantum will be 16.5 months on sale day and we believe he is fit and ready to cover cows or heifers. His dam K1E is a moderate framed easy keeping cow and hails from the renowned Panache line. She is one of the first heifers we ever bred at Cassaglen and has definitely earned her place in the herd with her lovely disposition, perfect udder and her ability to produce quality progeny. Quantum's maternal grand dam G6E was calf at foot when her dam D27E claimed reserve champion at Ekka. His pedigree is full of high performers with Silverstream Holster, Palgrove Academy and TR Red Smoke all featuring. His sire Palgrove Majesty is by the renowned Holster and was selected for being a complete sire package that has it all balance, muscle, softness, quiet disposition and correct structure.

Artificial Reproductive Technologies

The fastest way for herd improvement

After a recent conversation with a Veterinary colleague in Victoria who mentioned he had been flushing cows for 40 years, I realised with some surprise that we have been involved with cow Embryo Transfer (ET) for 21 years. For one to get a start in the cattle ET industry you need a client who gives you a chance to develop your skills and then continues to have the patience to wait while these skills develop.

For our business, this person was Graham Blanch.

The Blanch's became our first commercial ET client in 2000 and it has been a great privilege being a part of the growth of the Charnelle herd. From humble beginnings, the Blanches have gone to great lengths, importing semen and performing ET programs, enabling them to develop a quality herd and highly regarded annual sale.

For myself, it has been a wonderful journey - from sitting on a horse behind a mob of commercial cattle in NQ as Jackaroo 1988 to facilitating the exponential growth of exceptional genetics through the use of Artificial Reproductive Technologies, such as conventional embryo transfer and the in Vitro Production of embryos by 2021.

As an industry we have seen any number of dry times, enormous floods, a live export ban we did not deserve and a global pandemic that will continue to challenge us well into the future. For those of us who both rely upon and enjoy producing seed stock and beef, the future will continue to have its challenges. The ability to cohesively reassess and adapt our business's will be the cornerstone to our future success as an industry.

Comments: Festoon 11 has had 4 exceptional progeny to date. Her current calf by Blackjack (see next lot) is an example of her consistency. Predictability is something particularly important when we select our donor cows at Charnelle, so that is why she joined our donor program last year. In January 2011 we visited Silverstream in NZ and were extremely impressed by two young polled bulls (both about 15 months) Enticer & Evolution. Both these bulls have gone on to do great things. We were very excited to be able to select Manhattan as a new AI sire last year because he has these two bulls as his grandsires. This package represents the best in growth, softness, muscle & maternal traits. **Price per embryo. A 50% guarantee is offered if implanted by an accredited technician within 18 months.**

Comments: Same consistent donor. This time the embryos are by the recently judged "Champion Charolais Bull of the World" Elders Blackjack. Blackjack has done everything we had hoped for and more, since we spotted him in Canada and bought the Australian rights to him in 2016. We believe we have not seen the best of him yet. His daughters are starting to come into production with beautiful udders and plenty of milk. Check out this mating EBV graph with all growth and carcass traits ranked in the top 5%. Festoon 11's current calf (photo left) by Blackjack (full sibling to these embryos) will definitely be in our show team. One of our show heifers, lot 17 in this sale is another daughter. Comments: This is our latest donor and think she is pretty special. From the same Ja-Cie family that Fernvale is famous for; being the same cow family that produced Prime Mover & Primadonna and many others. C. Ja-Cie 12 is a very correct and placid female and has had 3 calves by her fourth birthday. She is pictured at left with one of her current twin calves Red Rascal, a young bull Red Factor bull calf by Blackjack. Checkout her first calf Ja-Cie Q28E who sells as one of our special show heifers as lot 15. Authority is a bull that we think a lot of, and his semen is very scarce. He will lower the birthweight and add extra milk where we need him to. We have not used a lot of LT bulls in recent years, but we really like this fellow and he has a bit different pedigree. Many others must like him as well because he sold for US\$160,000 in 2018.

Comments: Rebby 14th is a great producing donor cow that was born as part of a joint venture program in 2012. She has generated approaching \$50,000 in progeny and embryos sales in the last 4 years since we have had full possession. She is an outstanding daughter of "Cigar" one of the best producing sires ever imported from the USA. She currently has 13 registered progeny with more pregnancies on the way, and her next natural calf which will be born before this sale. Moderate Ebv's that really express as a great doing moderate framed female that combines perfectly with the highest performance bulls in the breed.

We have retained a daughter who is a donor herself. Another daughter, who is a full sibling to these embryos is a feature lot in Glenlea's female sale, with a calf at foot, later in March 2020. A natural yearling heifer (sired by GLENLEA HONORABLE (P) R/F) sold for \$9000 privately in 2020. Outstanding full brother to these embryos pictured at 24 months.

Sire of embryos needs no introduction, producing some of the highest value progeny we have sold, including Glenlea yearling Bulls up to \$15,000 in 2020.

We have more embryos from this mating available and may negotiate privately with the successful purchaser.

Comments: Estella H26 is one of our most powerful polled donors. Part of the same JV program back in 2012. In 2020 she was the dam or our highest priced bull sold at Auction Glenlea Pheonix (P) R/F for \$25,000 and we sold her 10-month-old natural calf (see photo below) for \$9000. We have a number of pregnancies on the way and embryos in storage. A maximum performance female with massive volume and perfect structure. Her EBV's are top 1% of the breed in all growth traits, milk at +20 and carcass weight with impressive EMA and Beef Yield. Sired by one of the most used French bulls in the modern era, IMPAIR and out of one Australia's most well-known cow families the Estella's Sire of the embryos, Gerard Pastor (P) is most well known for being the sire of Elders BlackJack (P). On visits to North America in 2018 and 2019, the Pastor sire line was one that I kept finding progeny of that stood out, and many sons were used in stud herds, just extra overall thickness and bone on medium frame with eye appeal. So rather than purchase something unproven, we returned to Australia and were able to access some semen which is not available and only been used by one other stud in Australia, so very exclusive genetics in this lot. Pastor is Homozygous polled.

Lot 88

2 x A Grade Embryos
ELITE HOPE (AI) (P) (R/F) x HRJ CROWD FAVOURITE 515C (P)

Purchaser / \$:

Vendor: Elite Cattle Co.

Pedigree of resultant calves:

SPARROWS KINGSTON 139Y (P)

SIRE: HRJ CROWD FAVOURITE 515C (P) OAC L515E

HRJ MISS PARIS 7S (P)

VIOLET HILLS ZACHARIAH (P)

DAM: ELITE HOPE (AI) (P) (R/F) EL1 K1E

MONUMENT VALLEY HOPE (AI) (ET) (P) (R/F)

Comments: Hope K1 is currently one of our standout donor females who was also a Royal Show Champion when she claimed Junior Champion Female at Ekka in 2015. She is female that also gained a lot of admirers around the show circuit as a mature cow. The catalogue photo probably doesn't do this cow justice; she has matured into a deep-sided, soft, red factor female with a beautiful udder. Pedigree-wise, she stems from the renowned Gobongo Rebbby family. The sire, HRJ Crowd Favourite, is one of our exciting Canadian AI Sires that we own the exclusive rights with Palgrove Charolais. We selected this bull in Canada for his impressive phenotype which he is also consistently producing onto his progeny. **Price per embryo. A 50% guarantee is offered if implanted by an accredited technician within 18 months.**

HIGH BLUFF HANK 41R (P)

DAM: CRATHES ESTELLA 32 (AI) (P) KRG H29E

CRATHES ESTELLA 3 (AI) (P)

Comments: Crathes Estella H29 needs no introduction; being our highly decorated show female in 2015 winning Grand Champion at Sydney Royal, BEEF2015 and Ekka as well as Interbreed Female at BEEF2015. Again, sired by HRJ Crowd Favourite. A full sibling to these embryos sells as Lot 49 in this sale.

Price per embryo. A 50% guarantee is offered if implanted by an accredited technician within 18 months.

BUNYA-VALE XTRA NICE

HIGH BLUFF HANK 41R (P)

DAM: CRATHES ESTELLA 32 (AI) (P) KRG H29E

CRATHES ESTELLA 3 (AI) (P)

Comments: Again, out of Crathes Estella H29. The sire, Kindara Destiny, was the top price bull at the 2010 Ekka Sale selling for \$24,000 to Ashwood Park in Victoria. Since the Ashwood Park Dispersal Sale, Destiny now resides at Moongool Charolais. We really believe that the combination of the feminine Estella H29 and the extra bone & grunt that Destiny carries, should really result in some impressive progeny.

Price per embryo. A 50% guarantee is offered if implanted by an accredited technician within 18 months.

SILVERSTREAM GLOSSY S120

MOONGOOL YOKEL

DAM: DSK MY ESTELLE D34E (R/F) DSK D34E

DSK T100E ESTELLE W5E

Comments: DSK MY Estelle D34 was purchased for top price at 2015 Charolais National Sale in partnership with Moongool Charolais. Her progeny have all been standouts so far with DSK TGL Legacy claiming the Sydney Royal, Charolais National Showcase and Ekka Grand Champion Bull in 2016. Embryos of this same mating sold for \$3,000/egg at the 2018 Charolais National Show and Sale. This is an extremely rare opportunity to secure embryos directly out of the legendary sire Silverstream Evolution.

Price per embryo. A 50% guarantee is offered if implanted by an accredited technician within 18 months.

DAM: DSK MY ESTELLE D34E (R/F) DSK D34E

DSK T100E ESTELLE W5E

Comments: Again, out of the impressive Estelle D34 female. The sire, CML Encore is an outcross Canadian Sire whose progeny have impressed us so far for their blend of carcass & softness, overall capacity, structure soundness and beautiful udders. This particular joining has consistently produced top quality offspring with a full sister selling in the Charolais National Sale to Outlook Charolais in NSW.

Comments: Palgrove Doris 9 was the foundation cow of Elite Charolais. She was the dam of Kindara Doris A11 who was the champion at this very sale and later went on to win Interbreed Female at Ekka in 2007. Pinay, who was one of the most widely used Full French sires of his time, needs no introduction. These embryos will definitely be the result of two very proven pedigrees!

PALGROVE AVENGER (R/F)

DAM: KINDARA AV ESTELLA 16 (AI) (ET) (R/F) K4P F4E

KINDARA ESTELLA 2 (AI)

Comments: Estella F4 was selected as one of the picks from the Kindara Charolais Dispersal Sale and is also a former Ekka broad ribbon winner. A beautiful soft, red factor female with a tremendous amount of capacity and bone, she was always a standout in the paddock. Amongst other quality progeny, Estella F4 was the dam of the equal top priced female at the 2019 Charolais National Show and Sale selling to Gotta Do Well Charolais in SA. With the proven Palgrove Hallmark on the top side of this pedigree, we really think this is a match that will really click.

Lot 115 ANC LASTOVSKI ANC L279F

VENDOR: RYAN & RACHEL HOLZWART

SEMEN: 30 STRAWS/ PRICE PER STRAW

Lastovski was purchased in 2017 for \$37,000, one of the most impressive bulls we have ever seen set foot in a sale ring. Lastovski is a proper beef bull with tremendous length, thickness and constitution. He displays a good sire's head, loose skin, super thick hindquarter & covers the cows with ease. Lastovski sons proved very popular with commercial cattlemen in 2020 when his first 8 sons sold through the sale ring to a top of \$14,000 & averaged \$11,642. His daughters are equally impressive and look as though they will be the next generation of front paddock cows at Bauhinia Park. They have extra growth and volume yet remain very feminine. The first handful to calf are showing good udders and great mothering ability. Lastovski would be a great option to add shape and power back into homo polled females.

Note: This will be the only Lastovski semen to be offered at Auction.

We are very excited to announce that Semen from CHARNELLE PANAMA is going to IRELAND!

We believe that this could be the first-time semen from an Australian bred Charolais Bull will be exported to IRELAND.

Many thanks to **Pat Donnellan**, the Animal Evaluation Analyst with the **Irish Cattle Breeders Federation** in Ireland for selecting Panama as part of their extensive testing and evaluation program in Pedigree and Dairy herds within Ireland. The data from this testing program will be very valuable with the plan to have 200 calves by him in the first year.

Thanks also to **Genetics Australia** for shipping and other services.

Many Many Thanks to Jasmine Wehl and the team at Southport Printing Co for doing such a wonderful job printing our catalogues always on budget and on time!

Dam: CHARNELLE ELLE (GKA E10E) (P)
 MS CC JACKPOT 1107M55 (OAU X558E)

Comments: Charnelle Panama is a DNA tested homozygous poll sire that ranks very highly for growth, gestation, carcass traits, fertility and low birthweight. Panama has very quiet nature, and very tidy feet and legs. His Sire Elders Blackjack semen was imported into Australia from Canada in 2016. He is breeding exceptionally well here in Australia and excels in growth, carcass & maternal traits. Panama's dam was imported from the USA as an embryo and has produced many outstanding progeny for Charnelle Charolais.

Comments: A combination of the super bloodlines, his Great granddam is Palgrove Showgirl 6 and his grand dam Rangan Park Showgirl G22 is a donor and one of our best performing cows. Palgrove Dover has carcass figures that rank him highly and has produced sale toppers in their annual sale a number of times. Qantas is a bull that always catches your eye in the mob; he weaned off his mum the heaviest in his contemporary group and has continued to perform. A very quiet and sound footed, long bull with EBVs that rank very highly for most traits.

GLENLEA KENWORTH (P) (GLE K80E)

HOMOZYGOUS POLLED. MODERATE BIRTHWEIGHT.

Sire of Lots 32, 33, 34 & Lot 8 and 9 PTIC.

Unique Bloodlines with performance polled genetics combined with original import Old French bloodlines recognized for maternal strength, calving ease and extra carcass yield. Progeny are medium framed, thick and square, with plenty of ability to lay down fat cover, and have that eye appeal that sets them above the average. Our heifers offered in this sale by him are from the lead out of replacement stud heifers. This sire has been used heavily at GLENLEA and his progeny and service will feature in our upcoming "Dawn of the Decade Female Sale"

GLENLEA PHOENIX (P) (R/F) (GLE P41E)

HOMOZYGOUS POLLED and RED FACTOR.

Top selling bull at our Clermont Bull sale in October 2020 at \$25,000. Deep bodied and overall carcass with plenty of fat cover, fine hair type, and a strong polled head, muzzle and jaw. EBV's at the top of the breed, Top 5% and above for all growth traits and carcass weight, Top 10% for Milk, with well above average EMA. Dam is a leading donor sired by IMPAIR out of the Estella cow family. Sired by our leading Red Charolais sire Glenlea JUST RED (P) R/F, Homo Polled and Homo Red! His daughters and sisters to Phoenix feature in our upcoming "Dawn of the Decade Female Sale"

Semen available direct from Glenlea or United Cattle Breeders at Allora QLD. Semen has been ordered for export to USA, NZ and Canada.

16 months,
720kg.

GLENLEA QUARTERBACK (P) (R/F) (GLE Q902E)

HOMOZYGOUS POLLED and RED FACTOR.

Sired by Silverstream Holster (P) who needs no introduction. Dam is one of our leading Donor's from the "Janet" cow family JANET Z8E (P) R/F. She has had over \$30,000 in progeny sales in 2020 alone. This bull is special as he has all the carcass and yield you would expect in a low BW, moderate framed, early maturing type. Fine hair coat, great feet, strong sires polled head. ideal to use over heifers with North American genetics to add punch, poll and red factor to those heifer's 1st calves! EBV's Top 10% of breed for Beef yield, below breed average BW and above breed average for all growth traits and EMA.

Semen available direct from Glenlea
or United Cattle Breeders at Allora QLD.
