Comments: This year we begin the sale will one of the best bulls we have ever bred. A bull with terrific length, easy fleshing, almost faultless structure, and a wonderful temperament. Sired by CML Distinction (Canadian Agribition Champion 2015), who was the sire of our top seller at this sale last year. President's dam is our number one female and is the dam of C. Elegance 16 (full sibling to President) who sold to J Weeks and family for \$14000. He is ranked in the top 10% for 200- & 400-day growth & carcass weight and top 18% for 400 day, EMA and scrotal size. We are retaining a ¼ share in this bull to cover semen already collected with no further call on the bull. **Stud Sire!!**

Comments: What a "Pay Day" you will have when you send the progeny of Pay Day, off to the weaner sales! D'Angely (Polled Full French) has made a big impact on our bull selling program every year since we imported his semen from France in 2013. Check out the length, strength of spine, muscle, hindquarter, and Homozygous Polled head. Pay Day has a top 25% ranking for 200 & 400-day growth, so you can expect good growth in calves as well. Typical "Charnelle Blend" of North American and French genetics. If you want to breed some Charbray bulls with plenty of grunt and sirey heads ... don't go pass him!

Elegance 6 (see reference photo) is an exceptional cow who has a double influence of Pinay (Full French) in her pedigree. His sire Blackjack is breeding very well in several stud herds in Australia since we saw him in Canada in 2016 and bought the Aussie rights to him. Pablo won a swag of broad ribbons on the show circuit last year as a young bull. He received a lot of recommendations from some very good judges ... and we recommend him as well. A smooth muscle patten with good bone and softness, good testicles, and a beautiful temperament. Silverwood Charolais

Hello and welcome to the 2020 Coolabunia Classic bull sale. This year we are offering up 8 young bulls, of which 6 are polled. 7 of the 8 bulls are sired by Shiiloh K-Hank and 1 by Charnelle McEnroe and we believe there is something there for everyone with several different types on display. This year's bulls have been specially prepared on a bull ration of silage blended with stubble hay, PKE meal and just 10% milled barley grain. We have been very impressed with the overall temperament of our bulls this year and whether its in the head bail or being mustered, they have hardly set a foot wrong. We would like to welcome anyone who would like to have a prior inspection or make an enquiry. Call Rodney on 0408717974 or Lindsay on 0409677611

River Run
Charolais

We are pleased to present a draft of 13 quality bulls this year. In 2020 our bulls will be in two runs at the Sale – Lots 17 – 25 and Lots 41 - 44. 10 out of the 13 bulls in the draft are polled or polled scurred. Lot 17 River Run Phantom (P) by Ascot Gunn is a bull that rates highly on all growth and carcase traits on breedplan. Lot 21 River Run Pharaoh (P/S) by River Run Joker carries muscle and softness and is a bull that glides across the ground. We have 3 different sire lines represented with the ever reliable and consistent Ascot Gunn represented again this year by 5 bulls, all of which carry his great temperament, length and doing ability. Our home-grown sire River Run Joker also has 4 outstanding growth bulls and our first bulls by Palgrove Lyndon who himself carried tremendous calving ease.

The sires of our sale bulls are used in our commercial herds as well as the stud, so it helps us to gauge the potential of the progeny. We find that we can either sell weaners or take them through to background steers and heifers through for feeder cattle or if the season allows grass finished Jap ox cattle. We feel confident that these same genetics will perform in your herds as well.

The bulls have been prepared on Oats and Riverina Maintenance pellets. Our bulls are breedplan recorded, fully vaccinated and semen & morphology tested, and we are tested as a JBAS 7 herd. Please check out our Facebook page – River Run Charolais – for videos and photos online.

Should you wish to pre-inspect the bulls or require any further information on the bulls please call **Tania on 0428 256 558**.

Diamond L Charolais & Charbrays

Welcome to our 8th Annual Coolabunia Classic Bull Sale. Two things stand out about our draft this year, they are the quietest line we have ever produced, and they are quality from start to finish. The bulls are sire by Elders Blackjack, Pinay and RNJ'S Loaded. They are the siblings to the cattle which produced the outstanding results we gained at the Kilcoy Carcase Comp. Competing against some of the best cattle in South East QLD, our cattle have produced some amazing results 3 years in a row. This year's results include Grand Champion Heifer for the 2nd year in a row, as well as 4 heifers and 2 Steers in top 10 of their classes for Carcase, First (3.13kgs/day), seconded (3.04 kgs/day) in Heifer Individual Weight Gain, 2 Steers in top 10 for Individual Weight Gain, Exhibitor Average Mob % Weight Gain 1st Steers (54.01%) and 3rd Heifers (52.7%), Exhibitor Average Mob % Rib Eye Area 1st for both Steers (99.75) and Heifers (93.3). At Diamond L we believe that it is the results under the hide that COUNTS and what you get PAID for! The focus of our breeding program is on delivering bulls that go out and produce these results with longevity. At Diamond L our bulls don't just look the deal, but results prove that they deliver the real deal results in the hip pocket.

Last year we purchased a new outstanding sire in Tanic Nardo, bred by the Hartwig stud at MONTO. Nardo was bought as a 18month old at weight 830kgs an EMA of 143cm and he has already produced 12 bulls for next year's Coolabunia Classic Sale as well as quality future replacement stud heifers. Complimenting the purchase of new stud sires, Diamond L continues to introduce new genetics by performing timed AI programmes, this year utilising purchased semen from Advanced Domino.

We wish all the buyers the best of luck and again we guarantee all our bulls. Pre-inspections always welcome by contacting Greg on 0418622578.

The bull has it all, a sire's head, long body with plenty of volume, good structure, a clean coated bull, he is naturally quiet and all this in a moderate frame. His sire BR Duke 261 is noted as the great female maker loaded with maternal traits. Plenty of grunt in this lovely natured and correct bull. EBV highlights include top 18% for milk & calving ease. 7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions;
