**12th Annual Charolais Bull Sale
Coolabunia Sale Complex
Thursday 15th August 2024 at 11:00 AM
58 Charolais Bulls**

Welcome to the 2024 Coolabunia Classic Charolais Bull Sale

The vendors would like to extend a warm welcome to all those attending this sale at the Coolabunia Saleyards. Food and refreshments will be available at the selling complex with a BBQ supplied by the Vendors.

The 2024 sale is offering 58 registered Charolais bulls including 9 dehorned, 43 polled and 6 polled/scurred bulls. Twenty-two of the polled sale bulls have been **DNA tested Homozygous Polled**. Eleven of the sale bulls are Red Factor.

Buyers can buy with confidence with all bulls:

- ✓ Semen & Morphology tested
- ✓ Vaccinated: 3-day sickness, 3 germ blood, 7 in 1, Pestigard & Vibrovax
- ✓ Scanned for EMA, Fat, IMF and weighed.
- ✓ All raw data will be available on a supplementary sheet on sale day and on vendors' Facebook pages on the day prior to the sale
- ✓ All bulls offered tick free

The sale will be conducted using a Bid Card system. Potential purchasers are asked to register on the day prior to the commencement of the sale. This will ensure accurate identification of the purchaser to the Auctioneer. PIC Numbers are required when purchasing. All buyer's instructions must be in writing and no verbal instructions will be accepted. A "Buyers Instruction Slip" must be completed when settling your purchases.

Bidding can be made online through **STOCKLIVE ELITE** – see following page for instructions or call **Tammie Robinson on 0429 231 830**

Vendors are offering a **Freight Rebate of up to \$200 per Bull for every Sale Bull Sold**. There will be Livestock carriers in attendance on Sale Day. Please note: **Only transport arranged by the vendors / agents will be eligible for this freight rebate offer.**

Agents Rebate: The vendors agree to a 3% rebate to any outside agents who attend the sale with, or accompany clients prior to the sale to view bulls, or buy on behalf of their clients and settle within 7 days. 1% rebate to any outside agents introducing approved buyers to the vendors prior to the sale and settling on their behalf within 7 days of the sale.

Insurance will be available on Sale Day. We recommend that you insure your purchases as Ownership passes at the fall of the hammer. All stock are guaranteed breeders and are guaranteed by the individual vendors. Any claim against the breeding ability of an animal purchased should be made in writing and accompanied by a vet certificate within 6 months of the date of sale.

Warm Regards Tania Haynes.

Charnelle Charolais

Proven Cow Families and Top Class Sires

Charnelle Charolais

www.charnellecharolais.com.au

Charnelle Charolais is delighted to offer 16 industry focused Charolais bulls for sale this year at the "Classic". The draft includes 12 polled bulls, 2 polled/scurred bulls and 2 horned. Seven of the polled bulls are Homozygous Polled, two of this year's draft are red factor. All our bulls have been full Parent, Sire, or Dam verified. Most of our draft have been DNA tested, 100K profiled, and BPA tested. All our bulls are Tested PI negative.

This year sees the progeny of two new bulls, Silverstream Padra & Pro-Char Diamondback. Our lot 1 bull by Padra is our standout this year. "Terminator" is a complete package out of an exceptional Blackjack daughter that is destined for the donor group this year. Lot 3 (Thunder) is by Diamondback and has already been used over several of our stud heifers. He is a very good prospect for use over heifers. Lot 2 "Top Gun" is another standout this year by our homebred Panama out of our number one cow C. Elegance 6.

We have had a challenging season with dry Spring into Summer and then good rainfall, but with a lot of heat, high humidity, tick and buffalo fly pressures. Our bulls are prepared in large paddocks with good pasture. Silage and millet hay with a restricted access to Ridley Show & Grow pellets has been added to their diet in the last three months. We believe we need to present our bulls in good condition, but ready to work.

At Charnelle we search and strive for genetics that will be functional, and love to hear how they perform at their new homes.

We are happy to have our bulls return to us for no cost agistment until suitable transport can be arranged. We wish you well with your purchases, and welcome presale inspections and enquiries. Call **Graham on 0427 622 410**.

DAM: CHARDONNAY FRIESIA P9E (EAT P9E) (P)
CHARNELLE FRIESIA 8 (GKA K41E) (P)

Comments: Terminator is our standout bull this year because he covers most things you would want in a stud sire; good structure, good temperament, good figures, pedigree and out of a very functional female. And what a good commercial bull he is with the combination of low birthweight, short gestation, calving ease and high growth & carcass traits. It doesn't matter if it is weaners or bullocks, replacement heifers or feeders, Terminator is the "Great Allrounder". Terrific head, length, muscle, bone & skin.

EBV highlights include top 5% ranking for short gestation, top 10% for calving ease and Domestic \$ index and top 18% for 400-day-growth & scrotal size. Tested PI negative.

Comments: "Top Gun 2" comes with a built-in package of length, thickness, bone, muscle and low maintenance. His Sire Panama has had his semen sell in seven different countries Worldwide and two of his sons represent him well in this sale as lots 2 & 40. Top Gun's Dam Elegance 6 has been our best producer of top sires & females for several years. She is the dam of President (Silverwood herd sire with sons in this sale), who was the sale topper here in 2020 as lot 1 selling for \$20,000. Another son of hers, Quasar, sold at this sale in 2021 for \$15,000. Elegance 6 carries two lots of Pinay (Full French) in her pedigree. EBV highlights include top 5% for Eye Muscle Area, top 10% for 600-day-growth & top 18% for scrotal size. Tested PI negative.

Comments: Thunder is a bull that stands out in a crowd. Very tidy and correct with a nice disposition. He comes highly recommended as a bull to use over heifers, as we have done over a number in our own herd. His Sire Diamondback is a new Canadian sire which we have used to sire calves with a short gestation length, yet with good growth and substance. Thunder's dam has always produced above average progeny. Thunder has a top 5% ranking for calving ease & short gestation and top 18% ranking for low birthweight. Comments: True Blue 2 is a later maturing Mac 2244 son. These are some genetics of 20 years ago, but I am sure if you want replacement heifers or bullocks True Blue will compete with the best of them today. Palgrove Refine 32 was an outstanding cow as she won Interbreed female at Beef 2000 and then again repeated the same feat at the Sydney Royal nearly two years later in 2002. Prime Mover, bred at the outstanding Fernvale stud had a huge influence in the Palgrove herd. Top 10% ranking for short gestation, milk and rib & rump fat. Top 15% ranking for 600-day-growth, scrotal size and IMF% (marbling). Tested PI negative

Thorpedo will produce those thick early maturing weaners with plenty of length and grunt. He comes with a top 20% ranking for 400-day-growth, scrotal size and EMA. Thorpedo has been identified as a carrier of the BPA gene and is not recommended for pure bred herds but is of no concern for crossbreeding operations. Tested PI negative.

Comments: We really love what Johnny (Polled Full French) is doing for us. Three years ago, a full brother to Top Shelf sold to Bettafield Charolais for the sale topping \$26,000. Last year another Johnny son Station Master sold to Mark Noller, again topping the sale. Top Shelf's dam is a wonderful breeder for us with 12 calves in the last 12 years all single calves. Johnny and Lunaparc are great French bulls that make up ¼ of Top Shelf's pedigree. He has a top 15% ranking for EMA and yield and above average growth figures. BOVINE PROGRESSIVE ATAXIA EXPLAINED

Progressive Ataxia (BPA) is a degenerative neurologic condition in Charolais cattle that was first documented 40 years ago. In recent times there has been a small spike in cases in some countries which has led to countries re-evaluating the significance of the disease and genetic testing has now become available at Neogen so we can better manage the genetic disease. The good news is this disease only effects purebred cattle so this does not affect anyone using bulls in crossbreeding programs. Carrier bulls can be used in purebred situations if you can manage it so carrier animals are not mated over other carrier animals. If carrier animals are mated over carrier animals there is a 25% chance the resulting progeny could inherit two copies of the gene and therefore display the condition. Progressive Ataxia is characterized by onset of unsteady gait and stiff hind limbs with gradual worsening of the condition that results in an inability to stand. There is no treatment for the condition. Many of the bulls have been tested in our sale this year and results if done are indicated in the J-Bas score box of each lot. If you have any questions concerning BPA -Please ask one of the vendors. Unless you have a Charolais infused cow herd this should not be of any concern for you.

Please note: Any Bulls identified as carries do not have the disease but are carriers of the BPA gene.

Silverwood Charolais

We would like to welcome everyone to our 12th annual Coolabunia Classic bull sale. This year we have 12 bulls to offer, 9 of whom are polled or scurred and also including 3 red factor sires. 10 of the 12 bulls this year are by Charnelle President and once again he has left his mark with some really exciting young sires that we are sure will add quality to your herd.

It's been an eventful year for us with some good success in the prime cattle show circuit and some outstanding results at the recent Callide-Dawson Carcase competition, where one of our home bred Charolais x steers was crowned Supreme Champion carcase in a field of over 600 head.

We hope to see you at the sale or before where on farm inspections are welcome and encouraged. Please call Rodney on 0408 717974 to book an inspection.

“Tell me and I forget. Teach me and I remember. Involve me and I learn”

Benjamin Franklin

We are pleased to present a draft of 16 quality bulls this year. In 2024 we will be at Lots 17 to 27 and Lots 54 to 58. This year we have 7 DNA Tested Homozygous polled, 5 polled or polled scurred and 4 horned bulls. The line-up of bulls this year are from new sire Ascot Rafferty as well as River Run Nobleman (P/S), River Run Rocketman (P), River Run Rainman (P), Palgrove Nebraska (P) and LT Authority (P). Ascot Rafferty is represented by 6 bulls in the sale. Rafferty is our go-to heifer bull, his progeny are born small and have good growth and doing ability. Lots 19 & 21 are standout bulls from Rafferty. River Run Nobleman (P/S) has proven himself to breed those thick, very commercially focused bulls with great structure and muscle and should breed plenty of milk into his females. He has 6 sons in the sale. Lots 17 & 21 really show that muscle and carcass of the Nobleman sons. This will be the last year of Nobleman bulls available. We used 2 yearling bulls in 2021 in RR Rocketman and RR Rainman which have produced a bull each for this year's sale. Lot 18 River Run T-Rex by Rocketman and Lot 27 River Run Trooper by Rainman are outstanding bulls that ooze quality and substance. They are the "proof in the pudding" of our breeding program. The walking sires of our sale bulls are used in our commercial herds as well as the stud so it helps us to gauge the potential of the progeny. We find that we can either sell weaners or take them through to background steers and heifers through for feeder cattle or if the season allows grass finished Jap ox cattle. We feel confident that these same genetics will perform in your herds as well. The bulls have been prepared on Oats and Riverina Maintenance pellets. Our bulls are breedplan recorded, fully vaccinated, semen & morphology tested, and all bulls are Sire Verified, DNA recorded and BPA tested. We are tested as a JBAS 7 herd. Our bulls are handled with dogs, horses, utes and buggys. Please check out our Facebook page – River Run Charolais – for videos and photos online. Should you wish to pre-inspect the bulls or require any further information on the bulls please call Tania on 0428 256 558.

 RIVER RUN CALLIOPE (PLT C5E) (P)

Comments: Tonka has the power and performance typical of the RR Nobleman sons and we believe he is the best Nobleman son we have bred to date. An impeccable temperament with length and carcass. He will put weight in his progeny with his calves targeted to fit that heavier grid weight. Real stud sire potential or top end herd sire. A lot of punch in this Homozygous polled package. He has that tremendous growth for age, great coat type and true sire appeal. Plenty of performance as shown in his EBV's.

Diamond L Charolais and Charbrays

On behalf of the Lee family, we welcome you to the 12th Annual Coolabunia Classic Sale.

This year our draft is dominated by red factor polled bulls. A large portion of our draft are tested homozygous polled and BPA free. Our current AI and ET programmes are designed to breed polled soft red factor cattle which is our stud's future direction. Our daughter Hannah has done AI and ET work with Peter Atkinson and will spend time later this year working along Ced Wise to enhance her university qualifications in Bovine Reproduction which will benefit our stud's future.

Our bulls this year have had full access to oats in their preparation. Breeding and preparing bulls with the potential for longevity is an important consideration for our stud.

We look forward to catching up with you on the sale.

Regards

Greg, Tracey, Sammy and Hannah

Black Duck Charolais is honoured to be an invited vendor this being our 5th year at the Coolabunia Classic. We have 5 bulls on offer, 4 of them being homozygous polled, DNA tested, parent verified and BPA Free. All bulls are well handled and quiet and used to dogs. Our herd is based mainly on Charnelle and Palgrove bloodlines. I have also been able to secure semen from some of the most elite Palgrove Semen Sires in the last couple of years including Palgrove Pinball (photo right) sire of lot 35. Presale enquiries welcome. **Call Greg on 0418 427 472**

He is just 15 months in the photo and already showing terrific growth, hindquarter, topline and softness with a nice head and temperament. His sire Padra (also the sire of lots 1 & 45) is really starting to have a very positive impact in Australia. His dam brings in the Polled Full French of Gallway and the highly rated Palgrove Panache cow family. Very good EBV's for short gestation, 400 day-growth & low birthweight. Comments: Another easy calving homozygous polled bull with the short gestation and low birthweight traits built in. Lots 3, 38 & 39 are some of the first bulls in Queensland by Diamondback to be offered for sale. EBV highlights include top 5% for fertility and top 10% for calving ease, short gestation and low birthweight. Tested PI Negative.

Comments: Another Diamondback son; this time out of a wonderful donor from Charnelle who was also the dam of the top selling bull at this sale in 2018 when Nugget sold at just 17 months of age for \$10,000. With the Pinay (Full French) influence, this fellow will be sure to put good bone and muscle into his progeny. Top 5% for short gestation, top 10% for calving ease and above average growth.

CHAROLAIS ★ HAY SALES

2325 Burnett Highway Wyalla QLD 4615
 lhu2325@gmail.com
 0428 915 299

We are honoured and excited to be a vendor for the 2024 Coolabunia Classic!
 Located at Wyalla on the banks of Barkers Creek, North of Nanango, we grow and produce seasonal varieties of hay. In addition to hay production, we began developing a Charolais stud in 2021.

Over the past few years, we have been selecting correct, maternal and moderate framed females with an influence of French, Canadian and New Zealand Genetics.

Our female core consisting of 30 females also includes genetics from Calmview, Charnelle, DSK, Elridge, Moongool, Palgrove and River Run Charolais.

We aim to produce high quality offspring through the use of top-quality AI sires and embryo programs.
 Our AI sires include Elder's Blackjack, Charnelle Panama, Johnny & Palgrove Queenstown.

We sincerely hope you enjoy our nomination for this year's sale and invite you to follow us on Facebook- LHU Agribusiness or contact us anytime on 0428 915 299 or email lhu2325@gmail.com

Regards

Les, Sharon, Haylee, Cody and Beau Leddington-Hill

Clearview Charolais

Clearview Charolais is a family run operation that began in 2020 with the goal to produce a herd of quiet, functional, fertile calves with plenty of shape and thickness. These qualities are shown in our founding females that originated from mainly Trevlac and a few Palgrove Bloodlines. Through the addition of our herd sire Brendale Ridley who was Reserve Calf champion at BEEF 2021 and AI sires. We were able to further strengthen our genetics shown in our results at the Brisbane Royal over the past couple of years with Brendale Ridley calves and most recently at BEEF Week in Rockhampton with Clearview Raine. Clearview Raine was awarded Champion Charolais Female and was in the Top 5 in interbreed females at BEEF 2024, this is a major achievement for us as she was the first registered female under the Clearview prefix. Over the past 4 years our stud has overcome lots of challenges, but we are extremely proud of the herd we have built and are excited to be welcomed into the sale this year with one of our bulls

Comments: Tuxedo is an early maturing, deep, long bodied bull with plenty of softness. He is a polled, structurally correct bull that oozed 'sire presence' from a young age and has a temperament that cannot be faulted. Tuxedo has a similar makeup to his sire Brendale Ridley which we purchased in 2021 that has consistently produced an even line of calves every year, including the Reserve Junior Champion Heifer at Ekka 2023.

NOTES

Congratulations to Lindsay Blanch of Silverwood Charolais on his huge success at the recent Prestigious Callide Dawson Beef Carcase Competition of over 600 entries. He won overall Grand Champion Carcase with a steer that was home bred and fed by himself. The winning carcase steer was by Silverwood Paddy and out of a red Angus x cow.

He also won champion grain fed bullock with a steer that was a Charolais x Charbray.

Also got 5th place with a trade steer which was Charolais x Angus. *Well done! Lindsay.*

QUEENSLAND LIVESTOCK AGENTS ASSN LTD

STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon

1. The highest bidder shall, subject to Conditions 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis, whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the Sale Clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore to: -
 - (a) Refuse to acknowledge any bid.
 - (b) Withdraw any lot or lots before or during the sale.
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot: -
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves.
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9. (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidders' offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate and two percentum. For the purposes of this condition, the expression "The AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its Bill Rate for 180-day Bills of Exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the auctioneer shall determine and advise the purchaser for the interest rate to apply for the purpose of this condition.
9. (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions any lot purchased by him may be immediately resold by Public Auction or Private Contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the Sale Number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damages should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions and shall jointly and severally carry out and perform sale.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trades Practices Act or any applicable State legislation which cannot be contractually these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby executed. The auctioneer is not liable in respect of any error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
16. (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to remain with the vendor.
17. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser, and the auctioneer, while he shall use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
- 18 (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
- 18 (b) If any vendor brings to the premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right in its absolute discretion, to exclude from the sale venue or dispose of any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
