K - 12 Initiative

Dave,

Our little girl at Saturday Academy learning to log in to computer from ArtsTech. She put her head on my shoulder and just cried with joy. Steven is one of our graduates who is now a medical student at UMKC. He works as one of our teachers in Physiology with a medical doctor from Research and researcher from KUMC on Saturdays. He is getting great experience teaching with those professionals.

We appreciate our collaboration Dave!

Always,

Marcia
