**RE: Please Investigate Racketeering & Barring of  
Citizen From Jefferson County Courts**

Dear Mayor Fischer,

I have been informed of allegations of racketeering where the Jefferson County courts are prosecuting criminal cases without signed formal Complaints from county attorneys, and that court clerks are assigning case-numbers to these bogus cases. **Is this correct?**

I am also informed that the courts are refusing to honor the Certified liens of citizen Daniel Cobble. That Cobble is actually being barred from entering court by Chief Judge Audra Eckerle and Sheriff Aubrey's court security. **Is this correct, Sir?**

Mayor Fischer, if these terrible things are true, then they directly threaten our democracy and constitution, the security of our community and nation. Please investigate these allegations for the proper law enforcement agencies, including the U.S. Dept. of Justice.

*Thank you very much,*
